

Special thanks to Session I participants!

LibQUAL+® would like to extend a special thanks to the 2007 Session I institutions for their participation in the survey. Forty percent of the total number of registrants were international institutions, and they collected 47% of the total responses! Of the international participants, Canada had the largest number of participating institutions (63), and these institutions collected over 50,000 responses.

Please be sure to complete your Post Hoc and Evaluation Questionnaires for your institution no later than August 31. The questionnaires are available at <http://www.libqual.org/Manage/Survey/index.cfm>.
